

Era Flooring

Protecting Your Future

Kolpak's Era bracket technology design solves floor delamination and meets NSF and DOE requirements.

Standard Era Floor

Structural Era Floor

BRACKETED TECHNOLOGY

Patented Era bracket enhances the floor's ability to handle rolling traffic.

NEW LEVEL OF FOUNDATION

Era designs eliminate the need for plywood underlayment and solves floor delamination and provides a new level of foundation for walk-ins.

ENHANCED ABILITY

The Kolpak Era Structural floor design includes reinforced support and a 3/16" overlay to provide superior strength for keg coolers and other rolling cart loads up to 5,000 lbs. per sq. ft. uniform load.

HIGHEST RATED FLOOR

The Kolpak Era floor provides the highest rated standard floor in the industry for foot traffic and rolling carts, approved for up to 1,000 lbs. per sq. ft. uniform load.
